Color: In addition to earned B&W rates.

Charge per color/page or fraction

Second Color (magenta, cyan, yellow):	\$1,410
Matched Color (all PMS excluding 800 series):	\$1,630
Sheen/Metallic/Fluorescent color (PMS 800 series):	\$3,405
3- and 4-color process:	\$3,920
5-color:	\$7,330

Covers and Premium Positions (non-cancelable)*:

Add the premium for positions to the earned B&W rate. Then add charge for color.

a) Cover Rates:

Second cover:	25%
Fourth cover:	60%

b) Premium Positions:

Opposite Table of Contents:	15%
-----------------------------------	-----

Must be a minimum of one full page of color.

c) Special Position Charge: A 10% per page special position charge is incurred when requesting consecutive right-hand pages or other special positioning.

* Does not include 4C process charges. When a cover is included in a multiple-page space unit, all pages must be in full pages.

Cover Tips/Outserts:

Consult publisher for rates and availability.

Cancellation Policy with Letter of Agreement:

- 60 days or more prior to issue ad close deadline, no charge.
- 30–60 days prior to issue ad close deadline, 50% of contract rate.
- 30 days or less prior to issue ad close deadline, 100% of contract rate.

Demographic Rates:

ROB ads available on a limited basis. Rates for demographic ads are calculated by multiplying the percent of circulation requested (minimum 50%) times the one-time B&W page rate, times the total number of pages, plus applicable color rates at full price, plus a \$1,650 (non-commissionable) mechanical charge. Demographic ads will count toward a company's final earned frequency on a page-for-page basis.

Insert Advertising Rates

Full-Run Rates:

Insert Rates	1x	3x	6x	12x	18x	24x	30x	36x	48x	60x	72x	84x	96x	108x

10 Page			134,400	122,650	112,700	110,600	105,800	100,450	98,500	96,650	94,900	93,250	92,250	91,350

Acceptance: Insert stock weight 80 # text. Contact publisher for approval and pricing for inserts heavier than 80 # text. Submit samples to Production Manager.

Demographic Rates:

Inserts available on a limited basis. Rates for demographic inserts are calculated by multiplying the percent of circulation requested (minimum 50%) times the one-time B&W page rate, times the total number of pages, plus a \$1,450 (non-commissionable) mechanical charge. Demographic ads will count toward a company's final earned frequency on a page-for-page basis.

BRCs: BRC must accompany a minimum of a full-page ad. Please contact your sales manager.

Discount Information

CORPORATE DISCOUNTS

Earned Rates:

Earned rates are given to advertisers based on advertising frequency within a 12-month period. The earned rate is determined by the number of insertions. A spread counts as two insertions. Full pages and fractional pages count as single insertions. Demographic ads will count toward a company's final earned frequency on a pro-rated basis (e.g., a 4-page unit going to 50% of circulation = 2X). Insertions from a parent company and its subsidiaries are combined to determine earned rate. Advertisers are short-rated or rebated based on year end final level earned. The minimum number of insertions at each level must be met within the 2018 calendar or fiscal year.

Corporate Discount Program:

Effective with January 1, 2018 insertion orders, the Corporate Discount program is based on an advertiser's 2016 net advertising, including digital spending, plus non-CME promotional project expenditures in all of the UBM Medica media. Please contact your account manager for more information and your discount rate.

2017 Net Corporate Spend	Rate Savings	2017 Net Corporate Spend	Rate Savings
\$100,000 - \$250,000	0.50%	\$2,500,001 - \$3,000,000	5.00%
\$250,001 - \$500,000	0.75%	\$3,000,001 - \$3,500,000	6.00%
\$500,001 - \$750,000	1.00%	\$3,500,001 - \$4,000,000	8.00%
\$750,001 - \$1,000,000	1.50%	\$4,000,001 - \$4,500,000	10.00%
\$1,000,001 - \$1,500,000	2.00%	\$4,500,001 - \$5,000,000	12.00%
\$1,500,001 - \$2,000,000	3.00%	\$5,000,001 - \$5,500,000	14.00%
\$2,000,001 - \$2,500,000	4.00%	\$5,500,001 - \$6,000,000	16.00%

Pre-Payment:

Prepayment discounts are offered to advertisers; please contact Group Publisher for details.

Multiple Page PI Discount:

Ads running more than two pages of prescribing information are offered a discount. Starting with the third PI page of the unit, a 50% discount will be applied to the cost of the page.

ADVERTISING INCENTIVE DISCOUNTS

Product Incentive Program (PIP Continuity Discount):

Run a minimum of three product insertions in **Drug Topics** and save.

The more insertions, the more you save. Free pages count toward earned frequency but do not count toward the corporate discount program.

Number of Insertions:	3x	6x	9x	12x
Discount:	2%	3%	4%	5%

Product Incentive Program Criteria:

- i) The minimum number of insertions at each level must be met within a calendar or fiscal year.
- ii) For simplicity, and maximum savings, the Product Incentive Program percent savings will be taken off the product's gross insertion expenditure. The PIP discount should be added to your corporation's Corporate Discount Program earned discount, and the resulting total percentage is taken off of the gross insertion cost.
- iii) You can project what Product Incentive Program level you will achieve for the year and begin to realize savings immediately. At your earliest convenience, please notify your **Drug Topics** account manager of your product's planned Product Incentive Program participation level. If the product does not meet the projected level, or exceeds its projected level, that product will be short rated or rebated accordingly. If the product is pulled off the market due to an FDA ruling, the accrued savings will stand, and the company will not be penalized for loss of product continuity.
- iv) All of a product's indications work together to attain a product's insertion level.

ABC (Add a Book Combo):

When you advertise in **Drug Topics** and run the same product in the same month in another UBM Medica medical publication(s) (i.e., **Contemporary OB/GYN, Contemporary Pediatrics, Dermatology Times, Managed Healthcare Executive, Medical Economics, Psychiatric Times, ONCOLOGY, and Urology Times**), you will receive a discount dependent upon the number of publications you run in. The more titles you choose, the deeper the discount.

2 publication buy = 10% 3 publication buy = 15% 4+ publication buy = 20%

Note: This discount applies to full run ads only and may not be used when advertising in **Ophthalmology Times, Ophthalmology Times Europe, Optometry Times, Dental Products Report and Digital Esthetics**. This discount cannot be used in combination with the Product Incentive Plan (PIP) but may be used with the Corporate Discount Program. This discount applies to the nine UBM Medica publications shown only and may be used in any combination. For products with different size ad units, the discount will be calculated based on the mutual number of pages. For example, if 6 pages run in one publication and 4 pages run in the other, under this program, the discount will be applied to the 4 matching pages in each magazine. Free runs do not count toward the discount.

Print Specifications & Display Advertising Requirements

AD SIZES (IN INCHES)

Full-Run:

	Trim Sizes Width x Depth	Bleed Sizes Width x Depth	Live area Width x Depth
Spread	15 3/4 x 10 3/4	16 x 11	15 3/8 x 10 3/8

Email: klenzen@hcl.com

SCREEN REQUIREMENTS

Density of Tone: 4C ads not exceed 300%; 2C, 190%; B&W, 95%.

1 CMYK is the only accepted mode for 4C ads. Do not use RGB.

2 Do not use spot color unless you are paying for a PMS (Pantone) color.

3 Colors viewed on your monitor may not be representative of final output.

Always check monitor color values against CMYK color swatches and the final KODAK APPROVAL color proof or equivalent. Laser color proofs are for identification only. Should proofs not meet specifications, we will print to published SWOP ink densities. C@1.30, M@1.40, Y@.90, and K@1.70.

Reproduction Requirements:

Follow "Specifications for Web Offset Publication" (SWOP) Tenth Edition for printing in the new millennium. **Drug Topics** is printed Web offset. Our preferred ad page material is an electronic digital file furnished as a PDF/X1a. Any omissions, or color deviation from a submitted proof, other than a quality KODAK APPROVAL or equivalent, will not warrant adjustment for space or color charge.

Disposition of Material and Inserts:

Inserts and electronic ad files are held for one year from date of last insertion and then destroyed. Supplied disks are not returned or retained.

Digital Ad Requirements:

1. Digital data is required for all ad submissions. Preferred format is PDF/X-1a. Note that a standard PDF is not a preferred format, files should be a PDF/X-1a which is a PDF subset specific to printing. Publisher shall have no obligation or liability to Advertiser of any kind (including, without limitation, the obligation to offer Advertiser makegoods or any other form of compensation) if an ad is supplied to Publisher by Advertiser in any format other than our preferred formats. Non-preferred or non-acceptable formats will be charged a \$150 processing fee. All files should be built to exact ad space dimensions purchased. For detailed instructions on preparing PDF/X-1a files and submitting ad files to the correct size, go to <https://ads.ubm.com> or contact the production manager.

2. Publisher will not supply a faxed or soft proof for Advertiser-supplied files. Advertiser is solely responsible for preflighting and proofing all advertisements prior to submission to Publisher. If Publisher detects an error before going to press, Publisher will make a reasonable effort to contact Advertiser to give Advertiser an opportunity to correct and resubmit Advertiser's file before publication.

3. Accepted Method of Delivery: The preferred method of delivering ad files to UBM Medica is via a web based ad uploader, <https://ads.ubm.com>. Files can also be submitted on CD-R or DVD-R disc format.

4. Ad Proofs: To insure that Advertiser's ad is reproduced correctly, a SWOP-certified color proof that has been made from the same file that Advertiser supplies to Publisher must be provided. Publisher cannot provide Advertiser any assurances regarding the accuracy of reproduction of any ad submitted without a SWOP proof. Publisher shall have no obligation or liability to Advertiser of any kind (including, without limitation, the obligation to offer Advertiser makegoods or any other form of compensation) for any ad supplied to Publisher by Advertiser without a SWOP proof.

Provider Information Required:

- a)** Issue date.
- b)** Advertiser, product, and agency name.
- c)** Agency contact person and phone number, or vendor name and phone number.
- d)** List of contents (printout of disk contents).

PRINT PRODUCTION MATERIALS:

Email Insertion orders, contracts, publication-set copy, reproduction materials, electronic files, proofs and other instructions, to:

Abbreviations: px = pixel sec = seconds fps = frames per second

General Ad Requirements (Apply to all ads):

- **Interest-Based Advertising (IBA):** Include IBA self-regulation controls for ads using behavioral targeting (5 KB max file size)
- **Audio:** Must be user-initiated. To allow for audio initiation in videos without player controls, a control may be included for user to initiate audio.
- **Hotspot:** Not to exceed 1/4 size of ad. Initiated when cursor rests on hotspot for atleast 1 sec. Must NOT initiate audio.
- **Defining ad space:** Ad unit content must be clearly distinguishable from normal webpage content (ad unit must have clearly defined borders and not be confused with normal page content).
- **Max CPU:** Ad not to exceed 30% CPU usage during host-initiated execution.
- **Submission lead time:** Minimum lead time for ad file submission is 6 days before campaign start.
- **Max number of host-initiated file requests:** Ad not to exceed 15 file requests during initial file load and host-initiated subload. Unlimited file requests allowed after user-interaction.

General Notes:

1. **File weight calculation:** All files for the ad (.html, .js, .css, images, etc.) must be included as part of the maximum file weight calculation for all file load limits. Shared libraries are also included as part of the file weight calculation unless otherwise exempted. File weights are calculated after files have been compressed into gzip format. You can use this site to check if your creative is within our specs guidelines <http://html5.iabtechlab.com/needauth?redir>.
2. **Initial file load:** Includes all assets and files necessary for completing first visual display of the Ad.
3. **Host-initiated subload:** Where allowed, additional files may load one second after the browser domContentLoadedEventEnd event. The ad should be able to “listen” for the browser domContentLoadedEventEnd event before subsequent files beyond the initial max file size may be loaded.
4. **User-initiated file size:** Ads that allow additional file size for host-initiated subload also allow for unlimited file load after user-initiated interaction. User initiation is the willful act of a user to engage with an ad. Users may interact by clicking or tapping the ad, and/or rolling over an ad (or a portion of an ad).

HTML5 Note:

HTML5 provides / introduces new options for developing ads. The IAB has developed “HTML5 for Digital Advertising” (<http://www.iab.com/html5>) to help ad designers provide ads in HTML5 unit that will perform more successfully across the display advertising ecosystem. Please review this document and adopt its recommendations to help improve HTML5 ad performance in the industry.

Online Opportunities

TOPIC RESOURCE CENTER & QUIZZES

Exclusive opportunity for dedicated, comprehensive topic resource center or quiz on the topic of your choice. Includes traffic driving elements.

Starting at \$7,500/month (net), 3-month minimum buy

CONFERENCE COVERAGE

UBM Medica editors and writers cover important events, reporting to our audience from the shows online and via e-Newsletter briefs during the show

- Daily articles on breaking conference news
- KOL interviews and/or roundtables
- Podcasts, photos, and/or video from the live event

Contact your account representative for more details and program pricing.

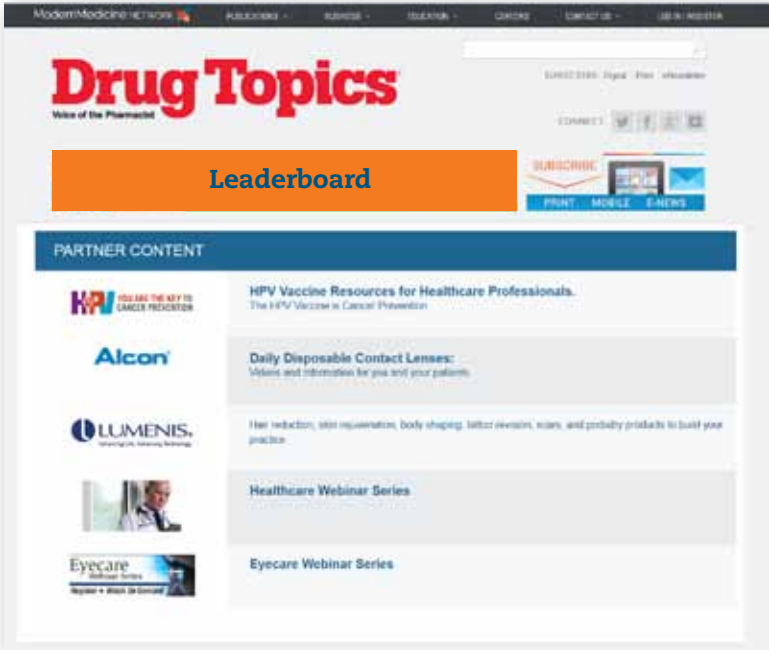

Online Opportunities

UBM Medica's content syndication opportunities offer unparalleled access to your target audience coupled with the credibility of our sites.

IN-SITES™

A turn-key, beyond-the-banner approach to driving qualified HCP audiences from UBM Medica sites straight to brand site destinations for asset engagement.

INFOCENTERS

Get your content in front of your target audience utilizing UBM Medica's content credibility and HCP access.
